## Counters and Workstations for Exhibits

Counters and Workstations are often the focal point of activity within trade show exhibits and displays. Yet they need to be easily dismantled and packed in small shipping cases to save costs when shipping. Our compact designs can go anywhere you need a *work surface and lockable storage space*. We have a wide range of designs; however, if you don't see a design that fits your needs, let us know and we will create a custom-designed counter workstation for you.

## Custom Workstation Designs

We can create a stylish and functional workstation designed specifically for your needs.

## Custom Counters

Our Custom counters are lightweight, quick and easy to assemble.

Counters provide a convenient work space and lockable storage hidden behind a stylish front.

## Some Counters Ideas

**Exhibit counters** are not only practical, but a great way to add style and interest to your exhibit. They are a great place to write, place product or brochures, or surface for taking orders.

Here are some design ideas...

**Call us today at 303-430-1986**  
and we will create the best  
exhibit workstation or counter for your exhibit!
